

Dentist Internship in the Netherlands

For this internship we are looking for communicative and enthusiastic dental graduates that will be willing to begin a 6 month internship here in the Netherlands. Upon successful completion of the internship, graduates will be offered a work contract at a dental practice.

Applicants should therefore be willing to move to the Netherlands and quickly learn the Dutch language.

Date to start: January

Internship duration: 6 months

Professional Requirements:

- * Minimum of a University Master Degree in Dentistry.
- * Knowledge and completed training in dentistry and BIG (re) registration.
- * Knowledge of relevant dentistry laws and regulations and applicable protocols and guidelines.
- * Relevant clinical skills and knowledge
- * Fluent in English.
- * Full willingness to learn the Dutch language.

Personal profile required

- * Age: around 25-30.
- * Excellent communication skills
- * A service and patient-oriented attitude.
- * Social skills, including tact and empathy
- * Leadership and coordination skills.
- * Ambitious, flexible and eager to learn
- * Self motivated and professional
- * Planning and organizational skills, ability to prioritize
- * Flexibility and ability to work under pressure
- * Integrity in dealing with confidential (patients) information.

Internship Function:

As a dentist, you will work in a dental practice together with other qualified dentist(s). You will be able to work independently, attend patients and undertake diagnosis and practical work.

As an intern you will receive supervision and coaching from the practice owner.

Primary responsibilities:

- * To perform a variety of dental procedures.
- * Educating patients on oral healthcare
- * Assessing treatment options and agreeing treatment plans with patients
- * Carrying out clinical treatments
- * Maintaining patients dental records
- * To carry out systematic preventive and curative dental treatments.
- * Referring patients to other dental specialists as appropriate.

What we offer

We offer an Internship Program for 6 months in the Netherlands (includes, accommodation, maintenance, Dutch lessons and cultural activities). Voluntary work experiences are also available.

During the first three months, the interns will be located in The Hague and receive intensive Dutch lessons. For the remaining three months, the interns will be placed in locations in West Friesland, the East of the Netherlands and Zeeland and begin their internship at a dental practice.

The student will be offered a work contract after successful completion of the internship. This includes a language assessment test in Dutch (NT2).

Recruitment Process

Once we have received a CV, we will undertake a pre-selection recruitment process. Please bear in mind that the recruitment process includes a videoconference in English. If you are interested, please send your CV (with a photo) by email to info@alivioadvies.nl
